Dear Friends,

The Countdown for **IMA NATCON-2015** has begun. All of us are waiting to witness a fabulous and historic event hosted by Delhi Medical Association after 30 years in Delhi on 27th-28th December 2015 at Hotel Le Meridien.

I seek support from all of you to make this event a memorable one. I invite you to register yourself for this **Mega Annual Conference** followed by Cultural programme and banquet.

Since Hotel Le - Meridien falls into high security zone in heart of New Delhi, access into scientific, exhibition and food area will be strictly regulated by **Bar coded delegate badge**, so kindly carry your delegate badge at all time in the Hotel & procure accompanying person's badge at the earliest.

There will be separate dedicated sessions to discuss problems of all sections of doctors viz; **Service Doctors, Resident Doctors, Nursing home owners and family physicians.** Our scientific committee is working very hard to plan a comprehensive programme covering all the specialities and section of doctors.

Here, I would like to remind my service doctor friends that each service doctor is officially entitled to **attend one conference every year**. For this one has to seek permission from Head of the office and submit delegate fee payment receipt and participation certificate to get re-imbursement of delegate fee.

**76th Annual Meeting of IMA Central Council** will be held on the sidelines of the NATCON-2015 and there will be varied sessions with VIPs, Politicians, Celebrities. Burning issues facing the profession will be discussed threadbare and recommendations made to the authorities to solve the problems.

Looking forward to welcome you at NATCON-2015 in New Delhi.

---

**Dr. Alok Bhandari**  
Hony. State Secretary
Dear Friends,

Winters have set in and also the season of marriages and festivity. With this festive spirit D.M.A. & I.M.A. are here with organizing:

- 90th Annual National Conference of IMA.
- 76th Annual Meeting of IMA Central Council—along with
- 58th Annual Delhi State Medical Conference.

It is a multispecialty conference. An amalgamation of teaching, meeting and fun. With the vanishing trends of family physician, we would like to empower them and enrich them with upcoming trends. The problem of medical fraternity at all levels would be talked upon. Issues regarding PC PNDT Act, Service doctors and problems of resident doctors would be discussed in separate sessions. This would be first time in the history of medical fraternity conferences that all the burning issues of doctors would be dealt in a conference at such a big level like:-

1) Central Act for protection of Doctors and Medical Establishments.
2) Capping on compensations.
3) Cross-Pathy and its implications on society at large.
4) Clinical Establishment Act Amendments and its resultant horrible consequences.
5) Female Foeticide, PCPNDT Act has to be addressed.
6) As recommendation of 7th Central Pay Commission suggested decrease in NPA (Non-practicing allowance) and percentage of basic pay have been reduced. We demand NPA must be increased and linked with basic pay as a percentage to retain talented competitive and dedicated cadres of doctors in Govt. services.
7) Adequate job opportunities for young doctors and transparency in their selection process is the need of the hour.
8) Online sale of drugs without prescription has to be rejected.
9) Movement for improving standards of drugs supplied in govt. hospitals and spurious drugs has to be intensified.
10) We recommend govt. to provide H1N1 flu vaccines to all.

I invite you all for your own conference. Please come, participate and learn.

Dear friends I end this News Bulletin President’s pen with the promise that we will herald a new era in the history of conglomeration of medical fraternity.

Long Live DMA

Dr. Ajay Lekhi
President, DMA
TIRATH RAM SHAH HOSPITAL
